

Brief Description	With more 15 minutes of fame flash, there's Mac, Barb & Gamuts, with a powerful 1966 release, HOLD ME TIGHTER, from Arthur & Clay Smith's legendary Pyramid label. While the Smiths were crafting a true legacy in country, bluegrass and gospel idioms, it is also abundantly clear that they had their finger squarely on the pulse of the 60's Carolina soul scene. A footnote: the track was also issued jointly on the groups' own People Records, carrying the exact same stock number, 6-6392 as the Pyramid release.
