

Monzas / Kingsport, Tennessee
Band Directories Copyright 2005

Brief Description	Band traveled seven state area in the '60s and recorded three singles which got air play in major markets. From 1973-1975, the band was known as Kingdom. Many of the members of the '60s Monzas are still active in music.. YOU KNOW YOU TURN ME ON (Disk #7) from the Al Wilke's Tennessee Monzas group, with all its haunting and moody posturing, gets the nod as this group's crowning achievement. The song, from 1966, is a sly and sexy take on romantic inclinations, and remains an enduring classic in Europe. Others on Cd series include:
